

WASTE MINIMISATION AND RECYCLING POLICY STATEMENT

Introduction

Northgate has stated its overall commitment to good environmental practice in our Environmental Policy Statement. This document however, expands on that policy as it relates to waste minimisation and recycling.

Recycling Policy Statement

Northgate will develop the existing Environmental Policy Statement by minimising the production of waste through sustainable purchasing practices and the reuse and recycling of materials.

Specific Aims

- Develop a high level of awareness in relation to waste minimisation and recycling within our business operations.
- Promote economy in the use of paper.
- Encourage the purchase of recycled materials and those which are suitable for disposal by recycling.
- Endeavour to appoint suppliers who remove packaging as part of their supply contract and who operate according to sound environmental practices and principles.
- Minimise waste by encouraging the exchange, and reuse of equipment and materials within our business operations.
- Develop a waste management strategy which focuses on recycling processes and initiatives.
- Encourage operational locations to establish local recycling schemes, which are relevant to their activities.
